TRANSPORT GUIDE 2022

Getting around Middlesbrough - an age friendly transport guide

Ageing Better Middlesbrough has supported local initiatives that have improved our town for people of all ages.

We know that accessible, cheap, and convenient transport is essential not only for our older residents but for people of all ages.

That is why we worked with older people, a variety of organisations and local services to put together this guide.

Getting around Middlesbrough provides useful information on different transportation options and support available in the town.

We hope it will help you choose the best option and direct you to the right support.
