

Visiting older dog lovers at home or in care across the North East of England...

Wag & Company is the only visiting dog charity to befriend older dog lovers in their own homes as well as in care or medical establishments.

We recruit special people and their lovely dogs, all volunteers, and carefully screen and match them to safely visit fellow dog lovers in their communities.

Everyone we visit misses their own dogs, but for health reasons they can no longer look after one. It costs over £400 a year to fund a Visiting Wag Team. We never charge so that no-one misses out, instead we rely on support from North East people, grant bodies and organisations.

So whether you can help us, join us, or if you could benefit from our special friendships, please just get in touch.
